

MICROTIME

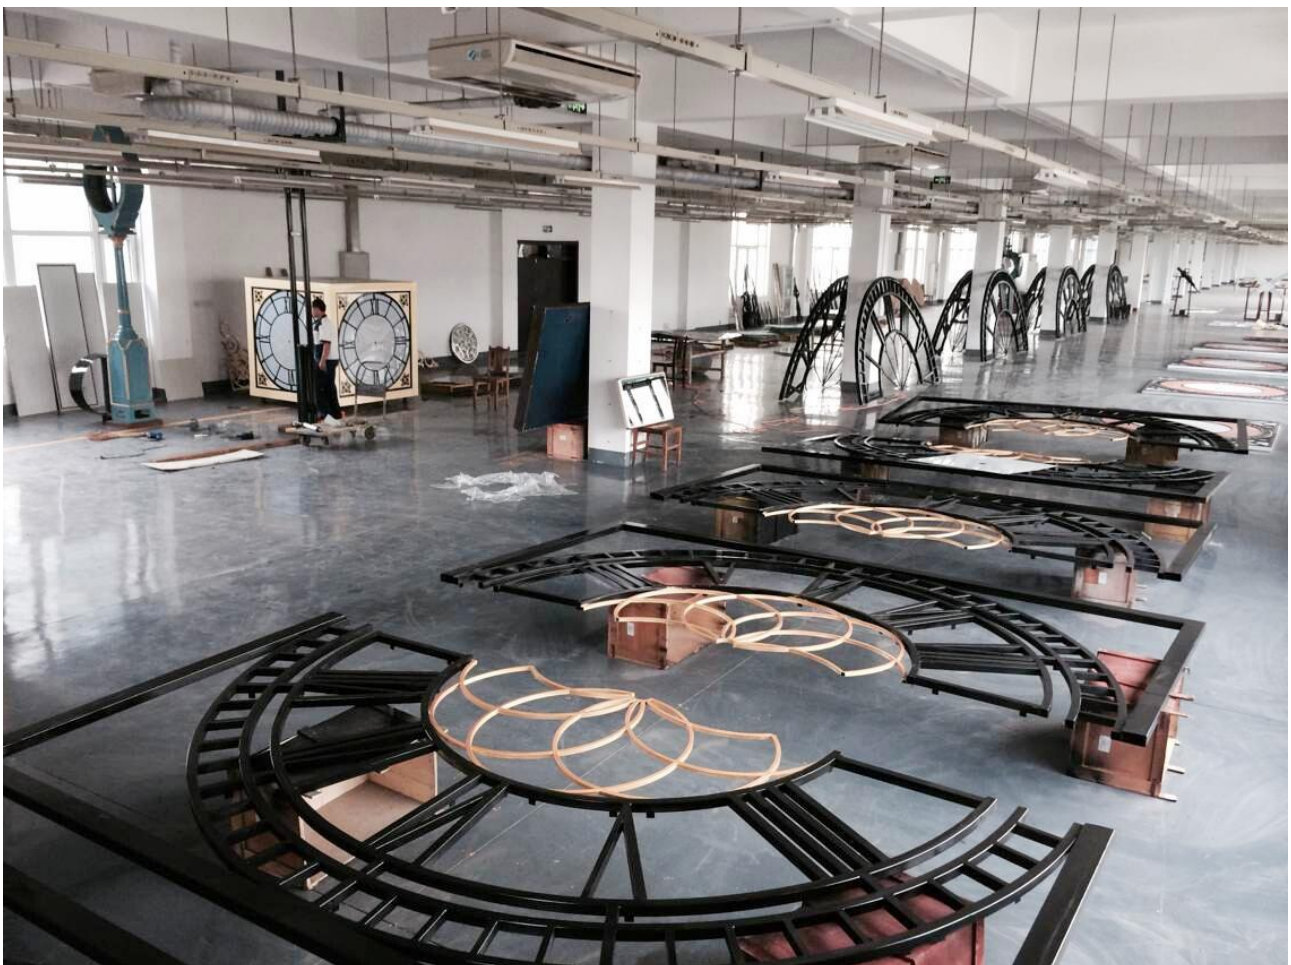

Tower clock movement of automation production line

Tower clock disk processing workshop

Clock assembly workshop

The tower clock debugging workshop

Large tower clock processing field

Special clock, there are mainly the following categories, And through the production of the cases we have illustrated:

1、 Building clock、 Tower clock、 Big clock、 Wall clock

2- ϕ 2.5m European style of four sides tower clock

15m high landscape tower clock of Kazakhstan government

Φ 2m European style of four side tower clock

Kazakhstan customized 10m high tower clock

13m high tower clock

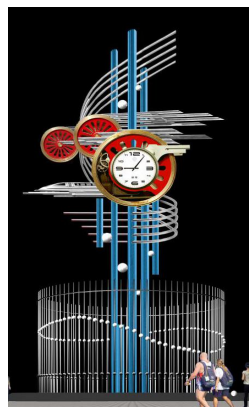

4、City Sculpture Landscape Clock

13m high Tower clock

Exporting Korea 8m high

Φ2.2m two sides

6m high Steam clock

$\phi 12\text{m}$ landscape underwater

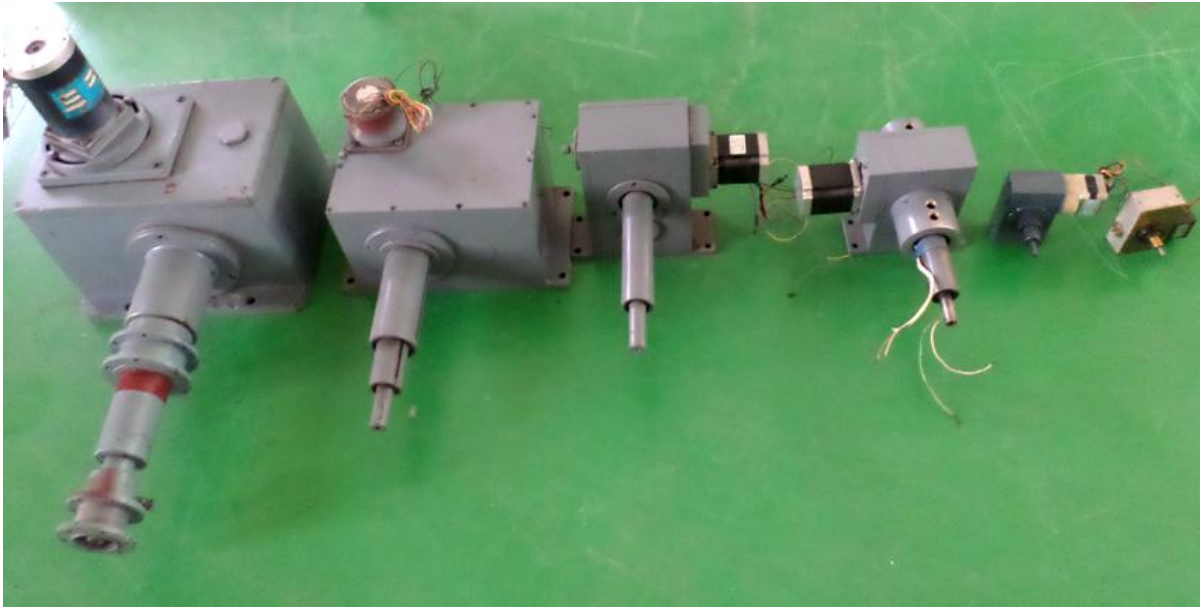

$\phi 8\text{m}$ with three pin

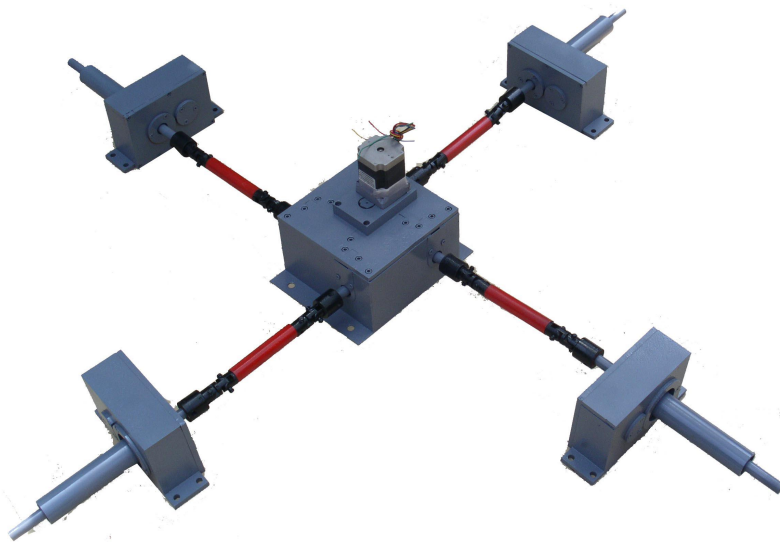

Advertisement Clock (Customized size and function by requirement)

Picture of movement

Various types of single with 0.5 modulus, 0.75 modulus, 1 modulus, 1.5 modulus, 2 modulus, 3 modulus

A host machine through a connecting rod with a plurality of extensions (all kinds of model, specification)
